

Small Breed Puppy Package- \$450 (Valued at \$744)

This package will benefit puppies ranging from 8 weeks to 3 months of age, or any other puppy that has not received proper vaccinations. If vaccine boosters are not completed in 3-4 weeks you are responsible for an additional charge to restart the series of vaccines. If you cancel your scheduled appointment or declined to schedule an appointment you may be asked to pay a \$40 fee to add your pet to the schedule if we don't have availability. The package includes the following services.
